This medical fee dispute is decided pursuant to Texas Labor Code §413.031 and all applicable, adopted rules of the Texas Department of Insurance, Division of Workers' Compensation.

Background

- 1. 28 Texas Administrative Code §133.307 sets out the procedures for resolving medical fee disputes.

- 4. 28 Texas Administrative Code §133.4 requires written notification to health care providers regarding contractual agreements for informal and voluntary networks.
- 5. 28 Texas Administrative Code §102.4 sets out general rules regarding communications.
- 6. The services in dispute were reduced/denied by the respondent with the following reason codes:
 - Z547 THIS BILL WAS REVIEWED IN ACCORDANCE WITH YOUR FEE FOR SERVICE CONTRACT

WITH FIRST HEALTH. FOR QUESTIONS REGARDING ANALYSIS PLEASE CALL (800) 937-6824. THIS REIMBURSEMENT MAY REFLECT PAYMENT AT RATES LESS THAN YOUR DISCOUNTED CONTRACT RATE IN ACCORDANCE WITH YOUR PPO NETWORK CONTRACT AND OUR ACCESS AGREEMENT WITH THEM.

Issues

- 1. Are the disputed services subject to a contractual agreement between the parties to this dispute?
- 2. What is the applicable rule for determining reimbursement for the disputed services?
- 3. What is the recommended payment amount for the services in dispute?
- 4. Is the requestor entitled to reimbursement?

Findings

- 1. The insurance carrier reduced or denied disputed services with reason code Z547 "THIS BILL WAS REVIEWED IN ACCORDANCE WITH YOUR FEE FOR SERVICE CONTRACT WITH FIRST HEALTH. FOR QUESTIONS REGARDING ANALYSIS PLEASE CALL (800) 937-6824. THIS REIMBURSEMENT MAY REFLECT PAYMENT AT RATES LESS THAN YOUR DISCOUNTED CONTRACT RATE IN ACCORDANCE WITH YOUR PPO NETWORK CONTRACT AND OUR ACCESS AGREEMENT WITH THEM." Review of the submitted information found insufficient documentation to support that the disputed services were subject to a contractual fee arrangement between the parties to this dispute. Nevertheless, on December 13, 2010, the Division requested the respondent to provide a copy of the referenced contract as well as documentation to support notification to the healthcare provider, as required by 28 Texas Administrative Code §133.4, that the insurance carrier had been given access to the contracted fee arrangement. Review of claim information finds that the no documentation was submitted to support notification to the healthcare provider in the time and manner required. The Division concludes that, pursuant to §133.4(g), the insurance carrier is not entitled to pay the health care provider at a contracted fee. Consequently, per §133.4(h), the disputed services will be reviewed for payment in accordance with applicable Division rules and fee guidelines.
- 2. This dispute relates to facility services performed in an outpatient hospital setting with reimbursement subject to the provisions of 28 Texas Administrative Code §134.403, which requires that the reimbursement calculation used for establishing the maximum allowable reimbursement (MAR) shall be the Medicare facility specific amount, including outlier payment amounts, determined by applying the most recently adopted and effective Medicare Outpatient Prospective Payment System (OPPS) reimbursement formula and factors as published annually in the Federal Register with the application of minimal modifications as set forth in the rule. Per §134.403(f)(1), the sum of the Medicare facility specific reimbursement amount and any applicable outlier payment amount shall be multiplied by 200 percent, unless a facility or surgical implant provider requests separate reimbursement of implantables. Review of the submitted documentation finds that separate reimbursement for implantables is not applicable.
- 3. Under the Medicare Outpatient Prospective Payment System (OPPS), each billed service is assigned an Ambulatory Payment Classification (APC) based on the procedure code used, the supporting documentation and the other services that appear on the bill. A payment rate is established for each APC. Depending on the services provided, hospitals may be paid for more than one APC per encounter. Payment for ancillary and supportive items and services, including services that are billed without procedure codes, is packaged into payment for the primary service. A full list of APCs is published quarterly in the OPPS final rules which are publicly available through the Centers for Medicare and Medicaid Services (CMS) website. Reimbursement for the disputed services is calculated as follows:
 - Procedure code 26123 has a status indicator of T, which denotes a significant procedure subject to multiple-procedure discounting. The highest paying status T procedure is paid at 100%; all others are paid at 50%. This procedure is paid at 100%. These services are classified under APC 0054, which, per OPPS Addendum A, has a payment rate of \$1,849.61. This amount multiplied by 60% yields an unadjusted labor-related amount of \$1,109.77. This amount multiplied by the annual wage index for this facility of 0.9731 yields an adjusted labor-related amount of \$1,079.92. The non-labor related portion is 40% of the APC rate or \$739.84. The sum of the labor and non-labor related amounts is \$1,819.76. The cost of these services does not exceed the annual fixed-dollar threshold of \$1,800. The outlier payment amount is \$0. The total Medicare facility specific reimbursement amount for this line is \$1,819.76. This amount multiplied by 200% yields a MAR of \$3,639.52.

- Procedure code 26125 has a status indicator of T, which denotes a significant procedure subject to multiple-procedure discounting. These services are classified under APC 0053, which, per OPPS Addendum A, has a payment rate of \$1,097.38. This amount multiplied by 60% yields an unadjusted labor-related amount of \$658.43. This amount multiplied by the annual wage index for this facility of 0.9731 yields an adjusted labor-related amount of \$640.72. The non-labor related portion is 40% of the APC rate or \$438.95. The sum of the labor and non-labor related amounts is \$1,079.67. The cost of these services does not exceed the annual fixed-dollar threshold of \$1,800. The outlier payment amount is \$0. The total Medicare facility specific reimbursement amount for this line, including multiple-procedure discount, is \$539.84. This amount multiplied by 200% yields a MAR of \$1,079.68.
